### **Sen. Lasee praises Governor Walker for making the right decision on Obamacare exchanges**

“Governor Walker was faced with a tough decision today. He decided to lead Wisconsin away from an unpopular, bureaucratic, expensive government run Obamacare state health insurance exchange. This was the right decision for Wisconsin. This decision will save Wisconsin taxpayers tens of millions of dollars.” Senator Lasee said.

Senator Lasee said, “Obamacare will add nearly a trillion dollars to our nation’s debt of \$16 trillion, that’s irresponsible. Governor Walker and Wisconsin Republicans support fiscal responsibility while President Obama continues his spendthrift ways.”

Because of the decision by Governor Walker, Wisconsin employers will avoid paying a \$2,000 Obamacare fine for each employee they do not provide health insurance to.

Senator Lasee added, “In addition, non-government free market health insurance exchanges already exist without government control or taxpayer subsidy. For those people looking for health insurance on the internet, you can go to [HealthCare.com](http://HealthCare.com), [IndividualHealthQuotes.com](http://IndividualHealthQuotes.com), and [HealthInsuranceSort.com](http://HealthInsuranceSort.com) to name a few. Millions of people have purchased their health insurance using these and other sites.”

“I praise Governor Walker for his leadership and good judgment.” Said Senator Lasee.
